

FOLIO

Board of Governors

As reported in the 8 April issue of *Folio*, the Board approved the preliminary operating budget for 1982-83. Revenues amounting to \$201,979,000 and net expenditures totalling \$202,949,000 result in a deficit of \$970,000. The University's accumulated surplus reserve of some \$3,200,000 will be dipped into since, by statute, the University may not report a deficit.

The budget includes a tuition fee increase of 20 percent, effective 1 September 1982. The increase in fee revenues assumes that enrolments will increase by 600. As of September 1982, the average tuition fee will be about \$726, an increase of about \$121 over the 1981-82 average fee. It was pointed out that, even with the increase, tuition fees at this University remain low in comparison with those at other Canadian universities. Robert Greenhill, newly-elected President of the Students' Union, decried the increase, saying that it overlooked the University's moral obligation to support accessibility to higher education. Mr. Greenhill noted that the job market as regards untrained, casual laborers, which is what most university students are for the major portion of their university career, is becoming progressively worse for those who wish to support their education by summer employment. He, therefore, moved unsuccessfully that the fee increase be deferred pending the decision of the Board to request an additional grant from Alberta Advanced Education and Manpower to cover the \$970,000 deficit.

"We are in a catch-up position because of last year," Chancellor

Forest told her fellow Governors. She was referring to the 15 percent increase requested by the University for 1981-82 but which was turned down by the provincial government as was the subsequent supplemental grant of \$1.7 million to offset the deficit.

One ray of sunshine is that, under the new Alberta Post-secondary Education Tuition Fee Policy, the Board of Governors will have the authority and flexibility to determine the exact levels of tuition fees. Thus, the authority to determine tuition fees shall be delegated to the individual Boards of Governors provided the decisions are in accordance with the terms of the policy. One provision of the policy states that tuition fee revenues shall, in the aggregate, represent between 8 percent and 12 percent of the university's net budgeted operating expenditures.

J.L. Schlosser, Chairman of the Board of Governors, expressed satisfaction in having the setting of fees back in the hands of the various Boards. However, he would "like to see more people buttonholing their cabinet ministers and MLAs regarding a bigger cut for the University." Until this happens, the situation won't change significantly, he said.

In response to a question about maintaining library standards in light of the announced budget, President Horowitz replied gravely that he hoped the status quo could be upheld. To combat the demise of the special allocation which the library had received in each of the three previous years, the University has put together about \$1 million from five different sources, he said.

The preliminary operating budget shows a 14.6 percent increase over last year's figure which in turn reflected a 13.1 percent increase over the 1980-81 total. The 1983-84 budget? As the President advised the Board, it isn't any too soon to begin to lobby.

Name Change

The Governors approved a motion to change the name of the Faculty of Business Administration and Commerce to that of the Faculty of Business. The change will take effect on 1 July 1982.

The Board was informed that the change, favored on the grounds of brevity and simplicity, implies no additional staffing or other resources, nor will there be any shift in the direction of the Faculty.

Coutts Library Renovations

A motion calling for major renovations to the Herbert T. Coutts Library in the Faculty of Education was also approved. The renovations, for an amount of up to \$225,000, involve the reorganization of existing space to provide for better utilization. It is expected that useable space will be increased through the renovations and redecorating. The work is being undertaken to better accommodate the needs of students.

Quota Increase for Faculty of Nursing

The Faculty of Nursing has been given approval to expand its existing quota of first-year students.

The approval allows the Faculty to increase its current quota by 20

students over a two-year period. The Board also approved a five-year operating budget and capital costs for the expanded program. However, both are subject to funding from the provincial government.

The expansion calls for an increase of ten first-year students in September 1982 from 60 to 70, and a further increase the following year from 70 to 80.

The quota increase is part of a long-term plan of the Faculty of Nursing. It was given added incentive by the provincial government's announcement that funding would be made available for the expansion of nursing programs at hospitals, colleges, and universities in Alberta.

The Faculty's expansion program is in response to the fact that the demand for nurses in Alberta exceeds the supply and that the shortage is expected to increase during the next few years. The long-term objective of the Faculty is to expand its BScN degree program by an additional 40 first-year students over a four-year period.

Upward Mobility

The Board announced the appointment of Michael I. Asch as Chairman of the Department of Anthropology. Currently Acting Chairman of the Department, Dr. Asch will begin his four-year term on 1 July 1982.

He received his PhD in anthropology from Columbia University and joined The University of Alberta in 1971 as an Assistant Professor. Dr. Asch was a Pre-doctoral Research Fellow at the National Institute of Mental Health in Washington, D.C.

Dr. Asch is a member of many professional organizations including the Canadian Ethnology Society, the Canadian Sociology and Anthropology Association, the American Anthropological Association (Foreign Fellow), and the Society for Ethnomusicology, and is a Fellow of the Royal Anthropological Institute of Great Britain and Northern Ireland.

He is a research advisor on Economic Institutions and Land Use for the Dene National Office in Yellowknife, Northwest Territories. His current research involves the organization and analysis of Dene land use, economic history of the Dene of the Northwest Territories, and anthropological perspectives in documentary photography. Dr. Asch has a number of articles and publications to his credit.

Kenneth Domier will begin his five-year term as Chairman of the Department of Agricultural Engineering on 1 July 1982.

Born in Saskatchewan, Dr. Domier began his degree studies at the University of Saskatchewan where he received his Bachelor's and Master's degrees in agricultural engineering. In 1967, he obtained his PhD in agricultural engineering from Michigan State University.

Dr. Domier joined The University of Alberta's Faculty of Agriculture and Forestry in 1969 as Professor and Chairman of the Agricultural Engineering Department. His chairmanship ended in 1974 and he took up a Visiting Professorship at the Swedish Institute of Agricultural Engineering, Uppsala, Sweden. He returned to The University of Alberta in 1975 and resumed professorial duties. Dr. Domier was awarded a McCalla Research Professorship for 1981-82.

During his career, Dr. Domier has been involved with many professional societies including the Association of Professional Engineers, Geologists and Geophysicists of Alberta; the Alberta Institute of Agrologists; the Agricultural Institute of Canada; the Canadian Society of Agricultural Engineering; and the American Society of Agricultural Engineers. In 1980, he became a foreign member of the Royal Swedish Academy of Agriculture and Forestry.

The Department of East Asian Languages and Literature has a new Chairman for a five-year term beginning 1 July 1982. He is Stanley R. Munro.

Mr. Munro obtained his BA and MA degrees from the University of Hawaii and began his career at The University of Alberta in 1966 as a lecturer in the Department of English and a foreign student advisor in the Department of Student Affairs. In 1968, he became an Assistant Professor in the Department of Linguistics and the following year was appointed Director of the English Language Service. From 1972-76, he was Assistant Dean of Arts and has since been an Associate Professor of East Asian Studies.

Mr. Munro has published extensively. He is the author of *The Function of Satire in the Works of Lao She* and also a series of four text books on English as a second language, now in its fourth edition. He has edited and translated, *Genesis of a Revolution*, a book including ten biographies and ten previously untranslated short stories. Mr. Munro also has numerous articles

and conference papers in print.

Currently, he is editing, adapting, and rewriting a collection of one-act plays as well as translating, *The Eternal Love; The Story of Liang Shanbo and Zhu Yingtai*.

The Board of Governors also announced the reappointment of Brian L. Scarfe as Chairman of the Department of Economics. Dr. Scarfe has been Professor and Chairman of the Department since 1977. He will officially begin his second five-year term on 1 July 1982.

Dr. Scarfe received a BA in economics from the University of British Columbia in 1963; a BPhil from Oxford University, St. John's College, in 1965; and a PhD from Oxford University, Nuffield College, in 1970.

A Rhodes Scholar for British Columbia in 1963, Dr. Scarfe was a Canada Council Doctoral

Fellow in 1966. In 1974-75, he was awarded a Canada Council Leave Fellowship which he used to attend Cambridge University.

He was an Assistant Professor of Economics at the University of Manitoba from 1968 to 1972 and an Associate Professor from 1972 to 1976. He was Acting Head of the Department of Economics from 1976 until 1977 when he left the University of Manitoba to become Chairman of the Department of Economics at The University of Alberta.

Earlier, while on leave from the University of Manitoba, Dr. Scarfe was a senior research economist with the Prices and Incomes Commission for the federal government. In 1974, he was a consultant to the research department of the Bank of Canada.

Dr. Scarfe has published in the field of macro-economic analysis and policy. □

Bicycle Protection

With the expected advent of Spring, it is anticipated that many students and staff will happily turn to riding bicycles on campus. However, it seems that each year the joy is marred by thieves who take advantage of poorly secured bicycles and make off with them.

W.F.G. Perry, Director of Campus Security and Parking Services, cautions bicycle owners to be alert to the threat of theft. "Secure good locks and chains and use them. Try to avoid leaving bicycles in remote areas and check frequently to see if they are secure."

Bicycle operators are cautioned not to bring or store bicycles in buildings, stairwells, etc. unless specific authority has been given by the Building Services Superintendent since they can create hazards by blocking exits, halls, etc.

Campus Security operates a bicycle identification program in conjunction with the Edmonton City Police and will engrave and

register bicycles at the Campus Security Office, gratis.

Mr. Perry also reminds cyclists to follow the rules of the road and to be considerate of pedestrians. □

University Sport Commission to Hold Major Conference Here

During the athletic competitions of the World University Games, academicians from around the world will have an opportunity to share their knowledge. The Commission pour l'Etude du Sport Universitaire/Commission for the Department of University Sport (CESU) will provide that opportunity. CESU is the study commission of the Federation Internationale du Sport Universitaire (FISU). As described by FISU, the task of CESU is to "promote the (scientific) study of university sport, especially by conferences, reports, publications, and all other appropriate means." Every two years an international sports conference is held.

In 1983, the CESU conference will be held in conjunction with the World University Games on 2, 3, and 4 July. Delegates from

as many as fifty to seventy countries are expected to be in attendance. The theme of the conference is "The University's Role in the Development of Modern Sport: Past, Present, and Future." Within the context of this theme, four topics will be of primary concern: "University Sport and Emerging Nations' Sports Programs," "Sport Medicine in University Sport," "University Sport," and "History of Sport and Physical Education."

The Dean of the Faculty of Physical Education and Recreation, G. Glassford, is the Conference Coordinator and P.L. Lindsay, Chairman of the Department of Physical Education, is Associate Coordinator.

Jacob Agbogun, a PhD student at The University of Alberta and former Director of Sport for

Kwara State, Nigeria, is Chairman of "University Sport and Emerging Nations' Programs." This portion of the conference is primarily directed towards the third world countries. Individuals will be provided with information on sport equipment, surfaces, sport delivery systems, coaching associations and technical developments in sport. In addition, coaching clinics will be implemented utilizing the resources of top-notch coaches from around the world. This approach will provide the less developed countries with practical experience and information which they will be able to use immediately in their own country.

Dave Magee, Chairman of The University of Alberta's Department of Rehabilitation Medicine, and John Kramer, also a member of that department, will co-convene the "Sport Medicine in University Sport" section. The section is further sub-divided into sports injuries and rehabilitation and changes in a functional capacity, such as physiological changes in the heart, lungs, and circulatory system of a competing athlete. The "Sports Medicine" aspect of the conference will bring together many specialists. Confirmed speakers include internationally renowned Dr. L. Komadal and Dr. Per Rensterom, both doctors of sports medicine.

The Chairman of the Department of Recreation Administration at The University of Alberta, Tim Burton, is Theme Convenor of "University Sport." Here the impact of university sport on the local community will be investigated. Effects of participation in university sport on later lifestyles will also be looked at. Compulsory physical activity and sport within the university will be questioned. In addition, the topics university sport as mass spectator entertainment and the financing of university sport and physical activity will be covered.

For the first time since its

origin in 1973, the International Association for the History of Physical Education and Sport (HISPA) will be held in conjunction with the Games.

The HISPA Conference is being coordinated by a noted member of the Faculty of Physical Education and Recreation, Gerald Redmond. He is not only Congress Convenor, but also President of this international sports body. Dr. Redmond, a Professor of Sport History, is awaiting the release of his recently published book *The Sporting Scots of Nineteenth Century Canada* (Associated University Press).

In Dr. Redmond's opinion, this tenth HISPA Conference will likely be the most successful thus far. It has been indicated that more than one hundred papers from the fifty-two member countries will be submitted to the 1983 HISPA Congress. Dr. William Baker, University of Maine, a noted sport historian and author of several books, will be the keynote speaker. J.A. Mangan, head of the Department of Physical Education at Jordan Hill College in Glasgow, Scotland, will be in attendance. Dr. Mangan received rave reviews across Britain for his book *Athleticism in the Victorian and Edwardian Public School*, Cambridge University Press, 1981. In addition, more than forty speakers are expected to present the results of their research in sport.

Dr. Redmond is delighted that the HISPA Conference and World University Games will be held together. "They go together naturally. Most sport in the world began at the university level, they are the pioneers." Dr. Redmond believes both HISPA and the Games will benefit tremendously.

Along with a dynamic sporting event, it is evident that the World University Games will bring many scholars to Edmonton and ensure a vast sharing of knowledge.* □

Bills Bear on Research

Two bills with important research implications have been introduced in the Legislative Assembly of Alberta by Rollie Cook, MLA, Edmonton Glengarry. Bills 218 and 219 provide for the establishment of an Alberta Scientific Research Foundation and an Alberta Agricultural Research Foundation.

The proposed Alberta Agricultural Research Foundation would fund and carry out "research into agriculture in the province, including the improvement of present agricultural products and production, the development of new agricultural products and techniques, and the development and improvement of the processing of agricultural products." The Foundation would be managed by a board of nine members, including one from The University of Alberta, one from the University of Calgary, and one from Unifarm.

The objective of the proposed Alberta Scientific Research Foundation would be "the funding and carrying out of research into fields of pure and applied science that will have application to the benefit of the people of Alberta." It also would be managed by a board of nine, including two members from The University of Alberta and one from the University of Calgary.

Representatives from both universities met recently with Mr. Cook to discuss the needs of research and the mobilization of public opinion. According to J. Gordin Kaplan, Vice-President (Research) the two bills "may well provide the impetus that will lead to a government proposal for a research foundation analogous to the Alberta Heritage Foundation for Medical Research." Dr. Kaplan urges that everyone write to their MLA and to Mr. Cook expressing support for these important bills. □

Golden Bear and Panda 1982 Summer Sports Programs

This year marks the sixteenth season that the Department of Athletic Services will be conducting its summer sports programs. From 8 June 1982 until 27 August 1982, the department will feature thirteen activities, including men's and women's basketball, figure/power skating, field hockey, gymnastics, hockey, football, soccer, specialized skating, swimming, track and field, volleyball, and wrestling. Each camp will vary in duration, number of sessions, and cost.

The main purpose of the program is to foster encouragement, understanding, and sportsmanship for all young athletes in the various sports. Each participant will receive the best available instruction in fundamentals and

basic techniques in the activity in which he or she enrolls.

Instructors for the programs will include Golden Bear and Panda coaches, Physical Education staff members, athletes from various Golden Bear and Panda teams, and visiting guest coaches. The quality of these instructors, coupled with the outstanding facilities available on campus, will ensure the participants a rewarding educational athletic experience, said D. Syrotiuk, Community Services Coordinator.

For further information pertaining to the specific camps or application forms, please call 432-5705 or visit the Department of Athletic Services General Office (Room W1-34, Physical Education Centre) during office hours. □

Comeback for Cricket Club

If all goes well, graduate students Martin Dawson and John Gibson will soon be able to say to veteran and aspiring cricketers alike "Have we got a club for you!" The number of people who attended recent organizational meetings indicated a level of interest such that The University of Alberta Cricket Club will be resurrected.

It is envisaged that the club will

enter two teams in local competition. Games will be played on Saturday afternoons from May to September. The pitches are matting, but the standard of play is reputed to be quite high.

Anyone interested in playing cricket or in becoming involved in the workings of the club is invited to contact Mr. Dawson at 432-4158 or Mr. Gibson at 432-3046. □

Corporate Hotel Rates

For visitors to the University, D. Cox, Travel Supervisor, advises that the following rates are now in effect: Renford Inn on Whyte, \$42; Chateau Lacombe \$65; Hotel Macdonald, \$65.

CN Hotels are also offering these rates: Hotel Newfoundland, St. Johns, \$64, increasing to \$66 on 1 September 1982; Hotel Beausejour, Moncton, N.B., \$52; and the Chateau Laurier in Ottawa, \$70 increasing to \$80

on 1 September 1982.

Reservations can be made through the Hotel Macdonald, 424-5181.

The Delta Bow Valley Inn in Calgary is offering a single occupancy rate of \$78. Other Delta Hotels may give a discount depending on the occupancy rate at the time their services are used.

To obtain these rates, reservations must be made directly with the hotel concerned. □

Spring Tune Up

It's time to register for Spring Recreation Programs on campus. For the Early Birds there are classes at 6:45 a.m., with instructor Daryl Landiak and Art Burgess, Staff Health and Fitness Coordinator, eager to help you start your day on the right foot.

For the noon-hour crowd there are "Aquacises" and "Aerobics" at various levels. "Yoga" is another option, as is "The Noon Workout," a congenial get together for those who prefer to exercise without music. Among the instructors for the lunch-hour sessions are Val Sherwood-Kennedy, Barb Lazaruk, and Michelle Polanski.

If you would rather wait until your working day is over there are

"Rush Hour Aerobics" and "Fitness and No Fooling" classes at 4:15 p.m. For those who feel they should start slowly, "The Retreads" sessions should prove beneficial. There are also health courses for weight watchers and those who wish to stop smoking.

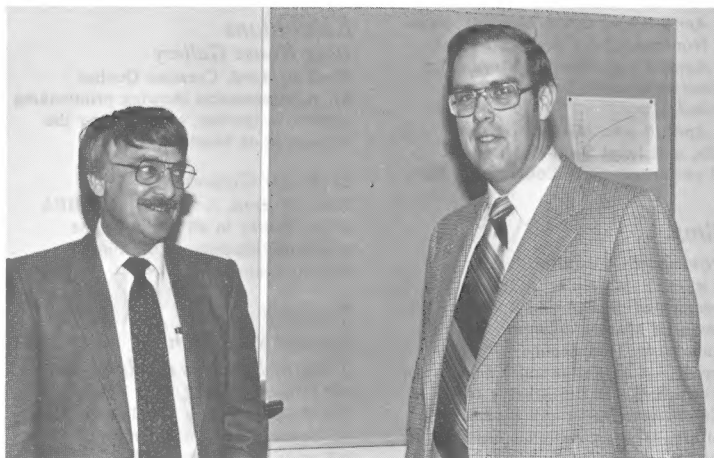

All University staff, students, and alumni and their families are eligible for enrolment in this program, which is offered by the Department of Athletic Services, Faculty of Physical Education and Recreation. It's first come first served, so register now by contacting: Staff Fitness Programs, Room W1-34, Physical Education and Recreation Complex. Telephone 432-2601. □

Frank Miller, 1930-82

University employee Frank Miller died on 28 March 1982 at the age of fifty-two.

He came to the University four years ago and worked in the Department of Animal Science. He was employed as a Farm Technician II, and took over the farming operations and equipment maintenance at the Edmonton Research Station. During the winter months he worked closely with all farm units, improving machinery and fabricating new material for professors.

His friendly nature, and long ranching and farming experience fitted him well for services to his colleagues. He will be sadly missed. He leaves to mourn his wife Millie and two daughters. □

Harmon Ray (right), Professor and Chairman, Department of Chemical Engineering, University of Wisconsin, Madison, visited our University recently as the premier lecturer in the CIL Distinguished Lecturer Series. F.D. Otto, Chairman of the Department of Chemical Engineering, (shown here with Dr. Ray); staff and students of the Department; and representatives of the Edmonton and region petrochemical industry were appreciative of Dr. Ray's discourses. Each year the series will bring to the University a speaker with expertise in an area or areas of interest to chemical engineers.

Janet Kerr Appointed to Associate Deanship in Nursing

Betty Harrington, Acting Dean, and Jannetta MacPhail, incoming Dean of the Faculty of Nursing, recently announced the appointment of Janet Kerr as Professor and Associate Dean, Undergraduate, effective 1 July 1982.

Dr. Kerr, currently Associate Professor and Assistant Dean (Graduate Program), of the Faculty of Nursing at the University of Calgary, was born in Lamont, Alberta. She obtained her BScN at the University of Toronto, her MSc at the University of Wisconsin, and her PhD at the University of Michigan. Dr. Kerr has been extensively involved in nursing and health related research in the areas of health care needs of the elderly, the financing of university education for nurses, the prevention of bed sores, and the study of how patients perceive pain. Her professional experience includes nursing practice in both hospital and community health settings, extensive involvement in cur-

riculum planning, and teaching at both the undergraduate and graduate levels.

Dr. Kerr has made distinctive contributions to a number of national and provincial nursing and health related associations. She was a founding member of the Alberta Association on Gerontology; currently she is President of the Alberta Association of Registered Nurses, a member of

the Canadian Nurses Association Board of Directors, and a member of the Canadian Nurses Association Nursing Research Committee. She sits on the editorial board of *Nursing Papers*, Canada's only nursing research journal. Her honors and awards include a National Health Student Fellowship and lifetime membership in the Phi Kappa Phi Honor Society. □

World University Games Presentation on Women's Canadian Club Calendar

Fil Fraser, Maureen McTeer, and Ed Zemrau have at least one thing in common—each will address the Women's Canadian Club (Edmonton) in the coming weeks.

Fil Fraser is scheduled for 21 April, Maureen McTeer for 6 May, and Ed Zemrau for 17 June. Mr. Zemrau's appearance coincides with the club's annual meeting.

In his capacity as President of Universiade '83 Edmonton Corporation he will discuss the World University Games and screen a film.

More information on the schedule of speakers can be garnered by telephoning Helen Neufeld at 436-0571. □

All information to be included in this column must reach the Office of Community Relations by 9 a.m. the Thursday prior to publication.

Coming Events

Music

Department of Music

15 April, 5 p.m. *Gery Kruschke*, tenor (a junior student recital)
17 April, 8 p.m. *Academy Strings*, Norman Nelson, director.

18 April, 8 p.m. *Grant Maxwell*, piano (A Non-compulsory Student Recital).

19 April, 8 p.m. *Heather Meyers*, mezzo-soprano (A Senior Student Recital).

20 April, 8 p.m. *Mikiko Kohjitani*, viola, and *Janet Scott-Hoyt*, piano. All performances in Convocation Hall.

Films

Provincial Museum

18 April, 7 and 8 p.m. A free public screening of "Bread and Roses" in the Provincial Museum Theatre. The film, produced by Don Spence for the Department of Radio and Television in cooperation with the Alberta Horticultural Association and Alberta Culture, explores Alberta's horticultural heritage.

Lectures and Seminars

Department of Physical Therapy

15 April, 10:30 a.m. "Occupational Biomechanics" by D. Chaffin. 218 Corbett Hall.

Faculty of Extension and

Department of Religious Studies

15, 16, 19, 20, 21, 22, 23 April, 7 p.m. A series of video recorded discussions between J. Krishnamurti, D. Bohm and D. Shainberg. 218 Corbett Hall.

Department of Biochemistry

15 April, 12:30 p.m. R. Dunn on "Bacteriorhodopsin: The Application of Site-Specific Mutagenesis to Structure-Function Studies of a Membrane Ion-Pump." 227 Medical Sciences Building.

Faculty of Extension

16 April, 7:30 p.m. C. Backhouse will address a public forum on "Sexual Harassment: The Secret Oppression of Working Women." SUB Theatre.
19 April, 7:30 p.m. Budd Hall, International Council for Adult Education, will speak about adult education and development. 330 Corbett Hall.
22 April, 7:30 p.m. Robert McNulty on "Preservation and Urban Development in the U.S." TBL-1 Tory Lecture Complex.

Department of Computing Science Colloquium

16 April, 4 p.m. *Satish K. Tripathi*, University of Maryland, on "Queueing Models of Load Sharing in a Distributed Environment." 617 GSB.

Faculty Women's Club

21 April, 8 p.m. A Film, "It's Your Decision." will be shown at the W.W. Cross Cancer Institute. Guests are welcome.

Faculty of Agriculture and Forestry

30 April and 1 May, (Registration 9 a.m. 30 April). Symposium and Workshop on Solar Technology. 1-13 Agriculture and Forestry Centre. For more information, telephone 432-3869 or 432-3538.

Exhibitions

Ring House Gallery

Until 30 April. *Creation Quebec* 81. A presentation showing printmaking activity in Quebec, organized by the Université de Sherbrooke.

SUB Art Gallery

Until 18 April. Annual U of A BFA Show. Works in all media by the graduating students in the Fine Arts program.

Theatre

Faculté Saint-Jean

Théâtre Français d'Edmonton

16, 17 and 18 April. "Au Revoir Charlie." (Goodbye Charlie). A comedy by George Axelrod. For more information, phone 469-0829.

Radio and Television

CFRN TV

Until 3 May, (Mondays). Ann M. Pagliaro, Assistant Professor of Nursing, University of Alberta, recorded in Edmonton. This series will present a brief review of the history of nursing.

Department of Educational Foundations:

Sessional Appointment

The Department of Educational Foundations, University of Alberta, will be making a sessional appointment in the area of history of education in Canada. The major duties associated with the position will involve the coordination of a large multiple section introductory course on the socio-historical development of education in Canada. Teaching responsibilities include lecturing in this

introductory course with some additional course work at the senior undergraduate level.

The appointment will be for the period 1 September 1982 to 30 April 1983 and will carry with it a salary of not less than \$16,000 for the eight-month period.

Applicants should have appropriate academic qualifications and successful teaching experience at a university level. A letter of application, together with a curriculum vitae and the names of two referees, should be sent to: Dr. P.J. Miller, Chairman, Department of Educational Foundations, Faculty of Education, University of Alberta, Edmonton, Alberta T6G 2G5. Closing date for applications is 15 June 1982.

Department of Educational Psychology: Multiple Dependent Handicapped Graduate Program

Assistant professor to prepare teachers and other personnel to work with severely and profoundly mentally retarded, multiple handicapped persons. Applicants should have undergraduate and graduate training in this area, PhD completed, university teaching, practical experience and demonstrated research competence. Preference will be given to persons having specialized skills in various methods of verbal and nonverbal communication. The program is complementary to an existing comprehensive Undergraduate and Graduate Special Education program. Salary range \$27,720-\$32,000 per annum. Closing date 15 May 1982.

Application, including a current curriculum vitae and names of three referees, should be sent to Dr. H.W. Zingle, Chairman, Department of Educational Psychology, The University of Alberta, Edmonton, Alberta, Canada T6G 2G5.
